For the attention of the Head of Physical Education

Dear Sir/Madam

Re: Simple and practical tennis for Key Stage 2 pupils using the most successful teaching method in the world.

An introduction

My name is Andy Magrath and I'm the Co-Managing Director of **Modern Tennis International (MTI)**. We deliver the highly effective **Modern Tennis method** to coaches, teachers and players all over the UK and Europe. We have teamed up with one of the **foremost Specialist Sports Colleges** in the UK; **Charters Sports College**. We have devised a complete schools programme that offers primary schools the following options;

- ✓ Full teacher training, resource and support package to encourage teacher led tennis PE lessons, which in turn raises pupil awareness. This will promote any on site/off site local tennis activity.
- ✓ Optional exit route to a comprehensive, school's league called 'Easy Tennis.'

You may think that the idea of teaching tennis can be daunting. Not with this system. Through much research and experience, we will demonstrate to you just **how simple tennis really is, whether it is being taught on a playground or in a hall and with a full class**. We will show you how to organise a session whatever the duration.

Does this system really work in schools? Visit this link to find out:

No previous tennis experience is necessary from either your staff or pupils. We've made everything very easy to follow. You won't have to invest in additional equipment.

Meets the needs of all pupils

All Modern Tennis courses are suitable for pupils with special needs. They are also suitable for pupils who require wheelchair usage.

More about Modern Tennis and MTI

Modern Tennis methodology is used with huge success in Argentina, Spain and Russia. It was devised by coaching guru; Oscar Wegner. Why is it successful? Because the simple progressions make tennis, easy and fun to learn.

Modern Tennis has only recently been formally introduced to the UK through MTI.

MTI's mission statement is to increase tennis participation within the UK. We have over 45 years of tennis coaching experience. We run courses, which are accredited by the Lawn Tennis Association (LTA).

We have tutored over 500 UK tennis coaches, who now teach this method. Our team of professional tutors are now launching this brand new course within the school/college community all over the UK.

We are proud to say that MTI has become one of the key suppliers of coach education and programme planning, for the David Lloyd Leisure Group, worldwide.
